# Sustainable and Inclusive Mobility Strategies

1 DATA: Knowing the reality and its changes

2 PLACE MAKING: Actions in the public space

3 KNOWLEDGE: Capacity building / guidelines

4 POLICY MAKING

5 ATTITUDE: Citizen, technical and political awareness

# Three questions...

we always ask ourselves 3 questions:

- Have I considered gender in this decision?
- Is it the same for women & men?
- How is it different?

then, transformative ideias arise...

# Gender Mobility Checklist

1. Include a gender perspective in the mobility agenda
2. Involve and build awareness among mobility experts on gender issues
3. Data collection and dissemination
4. Remove myths and demonstrate the technical data-based aspect
5. Public awareness campaigns
6. Inclusive & Participatory Place Making
